

TRANSFORMATION:

Conversations and Storytelling About Healing and Social Action

"Memory" is the first event in our 2020-2021 "Transformation" storytelling series. The series features community organizers, advocates, healers, survivors, theorists, and artists. Each event in the Transformation series is intended to speak to our collective desire for deep social change, and to support us in finding the energy, strength, connection, and knowledge that we need in order to repair our world, and to heal ourselves and our communities.
